The UC Riverside campus has a profound economic and cultural impact on the inland region with scholarly and scientific research that fosters California’s economic health, creates new opportunities for cultural and artistic expression, and educates citizens of the world.

The Citizens University Committee provides a means for the community to tap into this vibrant energy.

Hosting dynamic monthly breakfast meetings which highlight the latest cutting-edge research and ideas UC Riverside has to offer, the Citizens University Committee provides opportunities to learn about the many changes taking place in our world resulting from research and programs at UCR. Your membership fees and participation keep CUC happening year after year. So we thank you.

Dear Friends:

Again this year, you can expect a lively and exciting ride from the Citizens University Committee. Our programs will enlighten, provoke, and inform while opening the door to the exciting research and expertise of the University of California Riverside. CUC breakfast meetings are the place to be!

Once again CUC’s goals are to:

- Raise the visibility of UCR’s faculty and their research within the surrounding communities.
- Involve new faculty members at the monthly breakfast meetings.
- Highlight UCR’s accomplishments within the region, connecting UCR with business and the surrounding communities.
- Support UCR in areas such as: UCR Arts presence in downtown Riverside; the Medical School; Athletics; and as requested by the Chancellor or campus leadership.

The entire CUC Board looks forward to friends, new and old, sharing in the excitement of what the UCR faculty, students and staff are contributing toward the Inland Region and beyond. Don't miss the fun!

Sincerely,
Connie Ransom, Chair
CUC Executive Board, 2009-10
