Chancellor White to Discuss the Crisis in Education
June 16th Meeting Addresses State and Region's Long Term Competitiveness

The Citizens University Committee will hold a special June breakfast meeting on Wednesday, June 16th and feature UCR Chancellor, Timothy P. White, as he discusses the "Crisis in Education." For the past fifty years, one of California's highest priorities has been education. However, access is becoming more difficult, costs are higher and opportunities are no longer equal. Come hear our Chancellor's perspective on this serious subject and learn what we can do to turn this around. The meeting is held at 7:15 (program at 7:30) and is held at the UCR Extension Center. Cost is $18 for CUC members and $22 for non members. Click here for more information.

**Science Lecture Series Wraps Up June 3rd**

The College of Natural & Agricultural Sciences will be hosting it's last lecture in the Global Climate Change series. "The Food Challenge: Waterproof Rice & Other Solutions" will feature UCR Professor Julia Baily-Serres speaking on the development of flood resistant grain for poor farmers in Asia and Africa. Rice is the primary food source for over half the population and is now being engineered to survive environmental pressures. Learn about this fascinating new research on Thursday, June 3rd in room 302 of the Highlander Union Building. The lecture is free to the public and lasts from 7:00pm - 8:15pm. For parking and further information [click here](#).
How Does Your Dream House Look?

On-Site Exhibition Curated by Lisa Henry

The modern home provides an integration of landscape, architecture, and the environment in a fashion championed by contemporary artists Susanna Pozzoli, Sheila Pree Bright, Stella Kalaw and Lauren Woods. UCR's California Museum of Photography will explore American domesticity with curator Lisa Henry by examining photography, video and new media. The works exhibited illustrate the challenging visions adopted for home design as a representation of personal geography. Admission is $3 for the general public, viewable during the museum's operating hours of 12:00p.m.-5:00p.m. beginning June 3rd. For snapshots from the exhibit and more details, click here.
